

Building Communities of Specialist Provision for Children and Young People with Special Educational Needs and Disabilities in Lincolnshire

IMPORTANT Message from LPCF

The following strategy proposes that children with SEND receive *"the right education, in the right place at the right time to enable them to achieve their full potential"*.

As Lincolnshire's Parent Carer Forum we were invited by the Local Authority and heads of Special schools to work in partnership in the development of the strategy.

We have been working closely with all partners, from the beginning to ensure that the challenges families face and the issues that they may have are taken into consideration in the development of this proposed strategy.

Our involvement enabled LPCF to ensure that parents and their children were at the heart of the strategy and that we could ensure that our expertise in listening to and representing parents views could be utilised to inform the process

To find out more detail about the proposed strategy can we suggest that you :-
